Plan to Bring Valley Water Here Will Be Considered

A proposal to bring water from the San Joaquin delta into Alameda County to relieve the local water shortage will be discussed at a meeting of the Alameda County Flood Control and Water Conservation District Monday evening, April 9, at the court house in Oakland, at 8 o'clock.

The plan to be considered has been proposed by State Engineer A. D. Edmonston, who will be present at the meeting. W. D. Patterson, chairman of the board of directors of the district, has invited the supervisors of both Alameda and Santa Clara Counties to be present.

The plan under study calls for the diversion of water on Italian Slough (Old River), 6 miles north of Tracy, between that city and the delta, at the Alameda-Contra Costa County line.

The water would be lifted by pumping to an elevation of 700 feet, whence it would be conveyed through a tunnel some 8,000 feet in length to an available storage site on the north side of Livermore Valley.

Releases from this storage would be conveyed through two branch conduits. One branch would bear southerly, serving the south bay shore of Alameda County and the east side of the Santa Clara Valley, with terminal storage in a reservoir to be constructed to elevation about 500 feet on Silver Creek near Evergreen, 7 miles east of San Jose.

The other branch would bear westerly to a reservoir in Crow Canyon capable of development to 80,000 acre-feet to serve supplementary water to the central bay shore area of Alameda County.

It would also be physically possible to supply additional water to Upper San Leandro and San Pablo reservoirs of the East Bay Municipal Utility District and to areas in Contra Costa County through extensions of this branch.

Supplementary water could be made available from the conveyance system to Livermore Valley and the Niles cone.

The distances from the intake at Italian Slough are approximately 52 miles to the Silver Creek reservoir site and approximately 26 miles to the Crow Canyon site.

TOWNSHIP MOVIE PREMIERE TONIGHT

The first public showing of the "All Star Cast" movie, "Life in Washington Township," will be Friday and Saturday at Niles Theater.

During the past two weeks a majority of the township's residents have been filmed at work, at school, at club meetings, at church and against a background of historic landmarks and street scenes. The camera lights penetrated the dusty recesses of The Township Register's press and composing room to give you a behind-the-scene view of the publication of a weekly newspaper.

The theater will be open on both Friday and Saturday evenings at 6 o'clock with two showings of "Life in Washington Township." There will be a special matinee for school children on Saturday at 2 p.m.

Jimmy Murphy of Niles, a freshman at Washington Union High School, managed to be the twentieth to call with the correct answers, thereby winning the second award.

Those who called with the correct answers, in the order in which their calls were tabulated, were: Mrs. Nick Fazio, Niles; Helen Parry, Niles; Paul Focht, Niles; Frank Mings, Newark; Tony Rogers, Mission San Jose; Harold Harter, Niles; Manuel Caldeira, Niles; Mrs. Walter Tassett, Niles; Anna Bradford, Niles; Kenny Vierra, Niles; Ray Alberts, Newark; Janice Barks, Newark; Mrs. Tony Rivers, Centerville; Mrs. Eva Mayer, Irvington; Phil Souza, Centerville; Minnie Mesquite, Niles; Frank Zamorra, Decoto; Ruby Alberts, Newark; Everett Greene, Niles; Jimmy Murphy, Niles; Mrs. Rosalie Brown, Hayward; Wayne James, Niles; Tom Keller, Niles; Mrs. Fred Smith, Irvington; Mrs. Nell Myers, Niles; and Ned Schaaf, Niles.

RED CROSS DRIVE IS SHORT OF GOAL

Centerville and Warm Springs are leading the parade in the Red Cross fund-raising drive, it was reported yesterday by LeRoy Broun, Centerville, township Red Cross chairman.

Under the direction of Tom Maloney, Centerville campaigners have raised $905.25, with the drive almost completed. Washington High has contributed $56.50.

Highest per capita contribution in the whole township has been made in Warm Springs, where Mrs. Dorothy Benge is chairman. Supported by the Warm Springs Women's Club, the drive there has been completed, with contributions totaling $204.71.

In Alvarado, $110 has been collected, with the drive about half complete. Irvington is lagging, as is Newark, where but $200 has been collected. Niles has contributed $400, considerably under last year's results.

With $6945 as the goal for Washington Township, Broun expects the drive to fall under this figure, since the total returns to date have amounted to only $3000 as the drive goes into its last stages.

NEWARK CHURCH MEETS CHALLANGE

To meet the challenge of a progressing community and to accommodate an ever-increasing congregation and Sunday School enrollment, the Newark Presbyterian Church proposes to instigate a vigorous campaign for alleviation of these conditions.

Rev. Lester Eisel, field representative of the Board of National Missions, will speak at the kick-off dinner tonight (Friday), which will start the campaign for gifts to be used to build the proposed new Sunday School building which will cost $20,000. Mr. Eisel's talk will inform the workers on the best methods of raising the necessary money. Rev. Eisler will also preach the sermon at the morning services on Sunday, April 8.

Mr. William Hildebrand has accepted the chairmanship of the solicitor group. Mrs. John Peffers, wife of the pastor of the church, will be assisted by Mrs. J. H. Callow, Mrs. Elizabeth Hildebrand and Mrs. Cline Hayward in the dissemination of publicity. Mrs. Ray Auchard heads the Workers' Aid Committee.

The work for the campaign goal of $10,000 in 18 months has been inspired by a text Nehemiah 4:6: "So build we, for the people had a mind to work."

HIGH SCHOOL VODVIL CLOSES TONIGHT

Tonight at eight Washington Union High School presents its last performance of "Only An Orphan Girl."

This gripping melodrama, accompanied by grand olio, was received with enthusiasm by last night's audience and at a matinee performance given for eighth graders of the Township.

Directed by Mrs. Martha Hartsog, with music by Mrs. Thornburg, dance arrangements by Mrs. Dutra and sets and wardrobe by Miss Czerny and Miss Carmody, this presentation has proved to be one of the most entertaining of the high school's annual offerings.

THIS PHOTO MARKS THE END of The Register's Mystery Picture Contest. It's your last chance to win $2.50 by being the first or 20th to phone in the correct identification. Chances are you've looked through this fence many times. But where? If you think you know, phone Niles 3261. Register photo

CENTERVILLE TO STUDY CHANGING OF LOADING ZONES

The controversy in Centerville over the abolishment of bus loading zones on Main Street will be discussed at a public meeting set for next Monday evening at the Centerville Justice Court at 7:30 o'clock. The meeting has been arranged by the Chamber of Commerce.

A petition signed by 28 residents of Centerville protesting the use of curb space for bus zones was presented to the Chamber on Monday, but the business men declined to act upon the matter and decided to call the public meeting for next week.

Merchants have maintained that there is considerable loss of business due to inability of customers to park in the red zones.

The zones were established by county ordinance at the request of the Chamber several years ago. Another ordinance by the Board of Supervisors would be necessary in order that the zones be abandoned. Chamber members at this week's meeting appeared reluctant to reverse their previous position.

Merchants not directly concerned with the loss of parking space taken up by the bus zones pointed out that there is ample off-street parking for shoppers in Centerville, and that in some instances the business men themselves leave their cars in front of their stores all day.

In past years there have been several unsuccessful efforts toward establishing a bus depot which would allow the Peerless buses to pick up and discharge passengers without requiring curb areas.

Officials of Peerless Stages, Inc. have been invited to next Monday evening's public meeting.

FARM BUREAU WILL MEET AT SANTA RITA

"Methods of Controlling Inflation" will be the subject of a talk by Ray Wiser, state president of the Farm Bureau, at a Region 9 meeting to be held at Santa Rita Rehabilitation Center April 12 at 2 p.m., it was announced by Abe Solomon, secretary of the Alameda County Farm Bureau.

The meeting, which includes representatives from Alameda, Amador, Contra Costa, Sacramento and Solano counties, has been arranged by C. B. Brann, regional director of the Farm Bureau.

In addition to the state president, other speakers will include Cruz Benstrom, who will talk on commodities; Mrs. H. C. Wiedemann, chairman of the Farm Bureau home department; and Mrs. H. A. Cliff, who will talk on "Views of Countrywomen of the World."

Dinner will be served at 6 o'clock in the Rehabilitation Center, after which there will be a tour of Santa Rita. Adjournment is scheduled for 9 o'clock.

SERVICES ARE HELD FOR MANUEL CABELL

Manuel B. Cabell, 72, who died at his home on the Centerville-Alvarado Highway after a long illness, was given final rites at the Chapel of the Palms Monday.

Mr. Cabell was a native of Centerville, where he had spent his entire life. He had been engaged in farming until retirement several years ago.

He was the brother of Mrs. Mary C. Ray, Mrs. Rose Peixotto, both of Centerville; Mrs. Frances Silva of Alvarado and Mrs. Lucy Duarte of Stockton.

He is survived also by several nieces and nephews, including Clarence E. Frates of Decoto, Mrs. Agnes Pavao of Hayward, Joseph Cabell of San Francisco, Herbert Duarte of Stockton, and Richard D. Silva of Idaho.

He was a member of the Alvarado Aerie of Eagles and the UPEC of Centerville. Mass was said at the Holy Ghost Church and interment was at the Holy Ghost Cemetery.

Single Justice Court Ordered for Township

Washington Township will have only one justice court after January, 1953, it was decided by the County Board of Supervisors at their Tuesday meeting at the court house in Oakland.

The supervisors, acting under the law passed by the voters of the state at the last election which calls for reorganization of inferior courts, adopted an ordinance setting up seven judicial districts. The Niles-Centerville area was combined into one district to be served by a single justice.

According to Supervisor Chester E. Stanley, the county supervisors had no opportunity to consider their own opinions regarding advisability of maintaining the two existing courts. The state law is mandatory and required the consolidation.

Civic leaders and various Chambers of Commerce of Washington Township had objected to combining the courts, which have been in existence since 1872. It was argued locally that, with the growth of population of the township, two courts were more necessary today than ever before.

The judge of the new Washington Township Court will serve on a part-time basis, at a salary to be established by the Board of Supervisors. Court will be held at the new county building being constructed between Niles and Centerville on Fremont Avenue.

Other judicial districts established by the ordinance adopted Tuesday are: the Berkeley-Albany district; the Oakland district, which will include Emeryville and Piedmont; the Alameda city district, consolidating the Alameda Township court and the Alameda police court; the San Leandro-Hayward district, which will replace the Eden Township court and the Hayward police court; the Pleasanton district, replacing the present township court and police court; and the Livermore district, replacing the Murray Township court and the police court.

A report of the supervisors' action was forwarded to the Alameda County representative in the state legislature to determine the number of judges to be appointed in each of the new municipal court districts.

No change in the local court picture will occur until 1953. Both Judge Allen G. Norris of Centerville and Judge E. A. Quaresma of Niles will continue to hold court as at present until then. In the general election of June, 1952, one justice will be elected to serve in the new court.

HEARST RANCH TO HOLD NILES DAY

"Niles Day" at the Old Hearst Ranch near Pleasanton has been set for April 29, it was announced at Tuesday's meeting of the Chamber of Commerce at the International Kitchen.

The event, beginning with a breakfast radio broadcast, has been held annually for four years. The half-hour audience-participation broadcast has proved to be a good opportunity for publicizing Niles. And those who attend usually spend an enjoyable day at the dude ranch.

It is planned to organize a golf tournament in connection with the affair.

YOUNG THUGS GET JAIL SENTENCES

Three Hayward youths were each sentenced to six months in the county jail last Friday when they appeared in Centerville Justice Court and entered pleas of guilty to five counts of petty theft.

They admitted stealing accessories amounting to approximately $103 from automobiles parked in the lot at Westvaco Chemical Company plant at Newark, on March 14.

Of the five living charter members of the Council, only three were able to attend: Mrs. Rita Soito, Mrs. Manuel Gomes and Mrs. Nora Silva. Among the guests of honor were Mrs. Philomena Silva of Oakland, grand president, and Mrs. Leopoldine Alves of Oakland, deputy.

The initiating of fifteen new members in an impressive ceremony brought the total membership of the council to 170. HAPPY AND MORE HAPPY

Hopalong Cassidy invaded our neighborhood last week-end when two of our four-year-olds, both reaching their birthdays on the same day, celebrated with Hopalong Cassidy parties.

The first party was held on Saturday, March 31, in honor of little Clarie Telles, son of Mr. and Mrs. Clarence Telles of Oak Street. His guests were: Bobby Mendonca, Janie Cunha, Stanley Silva, Jean Fragus, Jansua Telles and Rita from Centerville; Bert Brown, Johnny Martin, Bonita Johnson and Sandy Martin from Hayward; Stanley Garcia from Pleasanton, and Gary King, Dennie McKinsey and Myron Flindt from Niles. The children enjoyed thoroughly the party and the pretending of their favorite television star.

On Sunday, April 1, Bobby Mendonca, son of Mr. and Mrs. Ray Mendonca, celebrated his fourth birthday in the same popular manner, with his little friends arriving in their very best cowboy outfits. The children were treated to a beautiful birthday cake, with a miniature Hopalong Cassidy, complete with horse and black top hat. Place cards were cowboy candy holders, and the famous Hoppy books as their favors to take home. It set the mood for the afternoon which was spent with everyone playing comboys. Those attending little Bobbie's party were his grandmother, Mrs. Marianne Mendonca, Bert Brown of Hayward, Clarie and Janeen Telles, Billy and Micky Nordvik, Danny Silveria, Jeff Logan, Mr. and Mrs. Henry Dias and daughter, Marlene, and Mrs. Soit. Bobby received many nice gifts from his friends. On Monday, Mrs. Ollie Perry came from Oakland to have dinner with the Mendoncas, bringing Bobby another birthday present.

VETERANS' DIVIDEND CHECKS DUE NOW

The first of several million checks covering payment of the second special National Service Life Insurance dividend will be mailed by the Veterans Administration starting next month.

The VA announced in February that the total amount of the 1951 dividend would approximate $685,000,000, and that the holders of about 8,000,000 policies would participate in it.

The date of payment during the year depends on the anniversary date of the policy or policies concerned. It was reported by the Associated Press in Washington, D. C., that the initial checks, in April, will be to holders of policies with a January anniversary date, and that subsequent checks will go out within about two months of the anniversary dates.

The VA did not spell out the formula for computing the amount of dividend earned by each policy, beyond saying that it will be based on several factors. Among these are: number of months the policy was in force during 1948-1951, plan of insurance, face value of the policy, and the age of the insured.

REBER PLAN IS NOT PROVED IMPRACTICAL

* * * * * * * * *

STUDY SHOWS MORE INVESTIGATION NEED

By BRUCE MICHAEL

The Recent Dolwig Committee hearings on the Reber Plan have cleared the air on probable solution to the prolonged argument as to the feasibility of the Reber Plan.

Prominent engineers testifying in favor of the Reber Plan, while refuting engineering testimony contained in the Savage Report, were in complete agreement with the important recommendation made in that report:

"The problem confronting the San Francisco Bay Region is extremely complex. Having been limited in our studies by both time and money, we feel that it would be presumptuous on our part to attempt to point to a specific solution, although we have mentioned several items as being worthy of further study. . . . It appears to us that development of the San Francisco Bay Region has reached a stage that a master plan for future development is required. The master plan would have to provide for many things, trans-bay transportation, water supplies, marine facilities, industrial and residential locations, etc.

"It is here proper to say that we consider that the San Francisco Bay Region owes a debt of gratitude to John Reber, and to the sincere and earnest proponents of the plan which bears his name. We believe that they have brought home to many minds the idea that **there must be a master plan,** and that in so doing they have performed a great public service.

"Some sort of a legal entity or organization must be formed to develop a master plan . . . clothed with all requisite authority . . . provided initially with adequate funds for carrying out a comprehensive investigation of a master plan . . ."

Reber Plan proponents stated that this is exactly the goal they have been striving for. They stated to the Dolwig Committee that, while they themselves believed the Reber Plan had all the successful elements of a truly great master plan, such a legal organization, as recommended in the Savage Report, would be necessary to fully investigate all the complex problems involved and come up with a final recommendation. No hearing, such as the Army-Navy Board, 1946, Senate Public Work Committee, 1949, or the Dolwig Committee, 1951, the Savage Report has done more than publicly air differences of engineering opinion. In all cases, engineers have admitted that conclusive results can only be reached by the expenditure of much time and money.

Reber people can be very hopeful that a proper authority will be set up by the State Legislature, empowered to spend money to reach the final solution to a master plan for the San Francisco Bay Region. The Reber Plan itself has only been the ideal, embodying all the proper elements of true master planning, but which will set the pattern and goal for future development.

CANTEEN WORKERS SERVE 6 THOUSAND

The personnel of four Japan-bound transports, the General C. C. Meigs, the Breckenridge, the Howze and the Walker, were served with coffee and doughnuts by Red Cross Canteen workers from the Oakland Area last Friday.

Mrs. A. E. Alameda, Mrs. Leon Vieux, Mrs. Irene Henderson and Mrs. John Galvin of Washington Township Unit assisted in the day long task. Mrs. Alameda says that serving refreshments was just part of the day's work. There were reassurances to be given, letters to mail, telephone calls to be made, comfort given to the young man who had to leave without seeing his two-day-old baby, and wishing Godspeed to young friends sailing with the Fortieth Division. Mrs. Vieux' son Leon was among the large number of Bay Area boys who embarked Friday.

The ladies were taken on a tour of the Meigs and the ship's chaplain arranged for Mrs. Vieux to spend some time with her son.

TOP PARTY MENU WITH CHIFFON PIE

by the *General Electric Consumers Institute*

Pie is a perennial favorite with guests of all ages, and a fluffy pie fits in particularly well with a party food scheme. Here's the General Electric Consumers Institute recipe for lemon chiffon pie to top February party menus.

Lemon Chiffon Pie

Tested in the G-E Consumers Institute

¼ cup cold water
1 envelope (1 tablespoon) unflavored gelatin
4 egg yolks
1 cup sugar
½ teaspoon salt
½ cup lemon juice
1 teaspoon finely grated lemon rind
4 egg whites
Few drops yellow food coloring, if desired
1 9-inch baked and cooled pie shell
½ cup heavy cream, whipped, if desired

Sprinkle gelatin over cold water, stir slightly and set aside. Place egg yolks in small mixer bowl. Using two front beaters, beat at a high speed (Speed 12) until light and lemon colored. Add ½ cup sugar and salt and blend thoroughly. Add lemon juice gradually and blend. Place this mixture in 1-quart saucepan and cook on a high heat, stirring constantly until mixture starts to steam. Then switch to a lower heat and continue cooking, stirring constantly until mixture is consistency of a soft custard. Remove from heat.

Add lemon rind and gelatin mixture to hot egg yolk mixture and stir until gelatin is dissolved. Chill in refrigerator until mixture is very thick but not stiff.

Place egg whites in large mixer bowl. With three clean beaters, beat at a high speed (speed 12) until egg whites are stiff but not dry. Add ½ cup of sugar, a tablespoon at a time, while beating at a high speed until egg whites are very stiff. Remove bowl from mixer stand, add egg yolk mixture and fold in with food coloring until completely blended. Pour mixture into pie shell and spread evenly. Chill in refrigerator until firm, about 1 hour. Just before serving spread cream over filling. Makes one 9-inch pie.

First step in the production of a lemon chiffon pie is squeezing lemons—and that's an easy job with the juice extractor attachment of your electric mixer.

Egg yolks are placed in the small mixer bowl and beaten at a high speed until light and lemon colored before sugar, salt and lemon juice are added.

Folding the cooked and chilled egg-yolk-and-lemon mixture into stiffly-beaten egg whites completes filling before it is poured into pie shell.

And here's the final result—light, fluffy lemon chiffon pie, topped with a layer of rich whipped cream.

The new Dimond-O motion picture is now available for showing at troop parents' meetings and at Courts of Honor, the local Boy Scout Camping committee announces. Friends Honor Bride at Miscellaneous Shower

Friends of April bride-to-be Edna Lewis gathered at the P. G. and E. Clubhouse in Newark last Friday to surprise Edna with a shower of gifts that will prove both ornamental and useful in her new home. Edna was lured to the clubhouse with the idea that she was to attend a baby shower for a friend.

Hostesses Barbara Davis and Katherine Mozetti served refreshments from a table decorated in white, pale pink and pale green. Flanked by pale green candles, the heart-shaped centerpiece of pink carnations set off with a pale green organdy ruffle, was entwined with a ribbon bearing the legend, "Edna and Bill." Masses of green fern and a white cake decorated with "Edna and Bill" hearts in pink and green, enhanced the exquisite spring-like motif of the setting.

Among the guests were Charlotte Lewis, Shirley Andrade, Rosetta Cartwright, Ruth Pierce, Shirley Kraft, Diane Souza, Gloria Nunes, Juanita Kaebrich, Diane Avakian, Pat Pierce, Thelma Roche, Dorothy Costa, Cora Perez, Mary Torquemada, Stella Cunha and Isabel Garcia.

NEW AGENCIES PROPOSED

One problem confronting the state's lawmakers is the number, if any, of new state agencies and activities to be launched by the present Legislature in the face of increased demands for defense taxation.

The Division of Highways, under Assembly Bill 1875, would be required to establish official information stations at the state border in conjunction with the quarantine stations operated by the Department of Agriculture. The purpose of the stations would be to disseminate complete information concerning the state resources, attractions, recreational facilities, permanent residential environments and conditions, and all other available information which visitors to the state might reasonably be expected to need or desire.

COMMERCE COMMISSION

Creation of a State Commerce Commission to collect, correlate, and make available to the public all information relative to public resources and their development and utilization is the purpose of Assembly Bill 1934. The measure requires that the information would be procured from agencies of the state and all cities and counties.

Assembly Bill 493 also would create a state Department of Commerce. In this case, the department, among other things, would promote and encourage the development of business, industry, and commerce; locate markets; collect and disseminate information; encourage research; and devise ways of removing trade barriers.

ADVERTISING, PUBLICITY

Assembly Bills 2060 and 2325 would create the California State Advertising and Publicity Commission. The commission would collect and compile information as to resources, opportunities and the like, and would conduct a comprehensive program of advertising and publicity. It would be empowered to subscribe to bona fide organizations which advertise particular areas. A $1,000,000 appropriation is called for to launch this commission.

Senate Bill 747 would create a position of Auditor General to make periodic postaudit of the accounts, records, transactions, and affairs of each state agency. Senate Bill 1741 and Assembly Bill 1725 would create a "Little Hoover Commission" to streamline all state operations. Senate Bill 1669 and Assembly Bill 1608 would create a Legislative Research Bureau to do that legislative research not falling within the scope of the Legislative Counsel or the Legislative Auditor. A. B. 2021 would set up a Legislative Library with Legislative Librarian.

MUSIC PROJECT

A Traffic Safety Authority to establish rules, regulations, and standards calculated to promote safety of operation of motor vehicles in California is envisioned in A.B. 1766. S.B. 274 would create a California State Music Project and State Band. A.B. 1902 would create a Commission on Political and Economic Equality, FEPC, to look into minor discrimination and into the laws relative to such discrimination.

SOUTHERN ALAMEDA BAR TO ORGANIZE

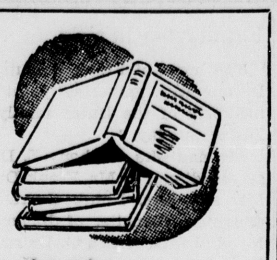

On April 17 the attorneys of Southern Alameda County will meet at the International Kitchen to adopt a constitution and by-laws for permanent organization of the Southern Alameda County Bar Association. LeRoy Broun, Centerville attorney, will preside. Judge William H. Gale of Pleasanton will serve as secretary.

The organization will be sectional in character and affiliated with the Alameda County Bar Association. The forming of such a group was deemed advisable when the Southern Alameda group was asked by County Supervisors to submit a recommendation to the State Judicial Committee on the proposed reorganization of Inferior courts of the state.

It is felt, in addition, that such an organization will be more effective in the handling of problems that arise in Southern Alameda's comparatively small concentrations of population.

HOMECOMING DATE SET AT IRVINGTON SCHOOL

The first of what is expected to become an annual Home-Coming dinner and entertainment for former graduates of Irvington Elementary School has been scheduled for May 19. Gus Robertson, district superintendent, said this week that the affair will be open to former students, parents of present students, and members of the eighth grade class.

At the LIBRARY

By EVANGELINE KOEHL

New books at the Niles Library are:

Dan Cushman, "Montana, Here I Be!" A rugged homespun tale of a frontier Robin Hood. Told with vigor and humor, some good old fashioned spoofing, and a great deal of dash.

Lilian Brown, "I Married a Dinosaur." Little did Lilian Brown realize the adventures that lay before her when she graduated from a convent school in upstate New York, and set out on a world tour. But she was married in Calcutta to Dr. Barnum Brown, an eminent paleontologist. From there her travels took her to her first home in the Siwalik Hills. From the Rajputs to Srinagar to the Vale of Kashmir and on through Indian jungles. Her spirited telling of adventures and disadventures makes this a book of sheer entertainment for the reader who will find in it a warmer familiarity with these exotic places and people.

Mildred M. McNeilly, "Each Bright River." Oregon settlers were not prepared for Kitty Gatewood. She was little and exquisite, extravagantly out of place amid these buckskinned pioneers. Her story has the thrilling ring of truth because the author is herself a true daughter of the West, and because her narrative skill glows with a woman's intuition.

H. Philip Kemberton, "Now That Summer's Come." Life with a family of well-to-do Connecticut summer people—viewed sharply and amusingly.

Bruce Marshall, "To Every Man a Penny." This is the story of a French priest; it is also a book about love, people, politics, and the passage of time. The background is the whole terrible and exciting history of our era as it affected the life of one man.

D. E. Stevenson, "Music in the Hills." A delightful story of English family life.

Angela Thirkell, "County Chronicle." Another story of Barsetshire and Mrs. Brandon, who finds a happy way out of the difficulty of living with a houseful of relatives.

Tom W. Blackburn, "Raton Pass." An exciting new adventure with New Mexico as the setting.

Tex Burns, "Hopalong Cassidy and the Rustlers of West Fork." Another new western with the "toughest hombre west of the Peco."

Calaveras County once contained all of Alpine and Mono, most of Amador and party of Inyo Counties.

The Sydney, Australia, Harbor bridge is 440 feet high.

HUSKIE BALL CLUB WINS AND LOSES

The Washington Huskies baseball team lost a hard game and won an easy one in the past week.

Last Thursday they were beaten 5-1 by a very strong San Jose Tech team, which appears at this stage to be the best club in the league. The Huskies' main trouble was the inability to get on base. They garnered only 2 base hits and allowed 8. Joe Castro pitched for the Huskies and collected the two hits for the local boys.

On Tuesday the Huskies took an easy one from Live Oak, 20-2, in a very easy game.

Joe Castro pitched for three innings and Lee Springer finished. Jack Bribes handled the catching chores, doing an efficient job at the plate.

Hitting stars for the day were Gil Cicairos, who got 4 for 4; Tony Nieves, who took two for two; Gerry Ornellas, who tripled, and Rich Duarte, who hit a home run.

The fifth inning was the big one, with 10 runs crossing the plate.

65,000 TROUT BEING PLANTED IN AREA

Lakes and reservoirs in six San Francsico Bay area counties are being planted this week by the Division of Fish and Game with 65,000 catch-sized trout raised at the East Side Reservoir near Napa.

The six to eight-inch fish will have a chance to grow and become used to their new homes before the April 28 opening of the early trout angling season, reports the Bureau of Fish Conservation.

The rainbows are being planted in waters of Napa, Marin, Mendocino, San Francisco, Santa Clara and Monterey Counties.

30 BALL PLAYERS SHOW FOR TRYOUTS

Thirty township ball players showed up at the high school diamond last Sunday to try out for the Bear Cat Club team which is being sponsored by Joe Dutra of Centerville, and managed by Frank Mayer of Irvington.

Although most positions have been filled, Manager Mayer would like to see any interested ball players at the practice session at the high school at 11 o'clock Sunday morning.

The first game is expected to be played April 22 in the township. The season's schedule calls for three home games and one road game each month.

HUSKIES DEFEAT LINCOLN 7 TO 6

The Washington Huskies came from behing Tuesday, March 9, to defeat the Lincoln High baseball club from San Jose, 7 to 6, in a non-conference game on the home field.

The Huskies, a crew of comparatively untried youngsters, displayed a brand of baseball which belied the early season performance of a club of young hopefuls.

Stewart and Castro shared the mound duties and allowed but six hits.

The top-half of Coach Irving Hird's batting line-up continued to hold up the scoring end of the club but the bottom half has gone virtually hitless throughout the five opening games.

Lupe de la Torre, daughter of Arthur de la Torre, became the bride of Gilbert Trevino Jr. of the Navy, son of Mr. and Mrs. G. B. Trevino of Wichita, Kansas. They were united in marriage at the Alameda Naval Air Station chapel at 11:45 a.m., Saturday, March 31, with Chaplain Commander U.S.N. Fr. Kelly officiating. Elmer de la Torre served as best man and Mary de la Torre as matron of honor. Lupe made a lovely picture as she walked up the aisle in a ballerina length "Peau d'Ange" lace dress with a scalloped nylon marquisette yoke. She carried a bouquet of white orchids and lilies of the valley on a white satin ribbon. She also wore a finger tip veil which was held in place with an orange blossom wreath and seeded pearl tiara. The matron of honor wore an orchid ankle length gown.

A reception was held at the de la Torre residence, 701 Twelfth Street. A three-tiered wedding cake topped with a miniature bride and groom, served as the centerpiece. The couple will reside in Alameda.

CHAMBER OF COMMERCE IN REGULAR MEETING

The regular meeting of the Decoto Chamber of Commerce was held last Tuesday evening. President Gonzales Paniagua conducted the meeting. Mr. Peterson of the Hayward Sheriff's office spoke on civilian defence and urged everyone to maintain an interest in the program.

The possibility of L. J. Fine retiring as director of civilian defense for Decoto was discussed and Henry P. Grundbrecher was nominated to succeed Mr. Fine if he resigns.

A letter will be sent to Supervisor Chester Stanley and Mr. Boggs of the county surveyor's office urging them to have some of the streets repaired here as they are in very bad condition. A letter was also sent to Supervisor Stanley to clarify the problem of garbage disposal here.

J. J. Calderia reported that Father Ralph Duggan asked if the Holy Rosary Church could be washed off by the fire department in a practice drill so that the building could soon be painted. The foundation of the new church building on Sixth Street will begin in several more weeks.

A committee of Henry Grundbrecher and Alfred Ferreira was appointed by the Chamber to investigate the second-hand store on Eighth Street between E and F Streets, which is outside the business district. They are to report at a special board of directors meeting to be held next Tuesday evening. They will also look into the discarding of garbage into empty lots and streets.

Manuel White of the Board of Trustees of the Decoto School, gave a talk on the importance of the passing of the bond issues. He asks that all members contact friends and relatives to vote on April 10. "This will increase taxes," Mr. White stated. "However if this bond issue does not pass, we will not get a cent from the state."

The Chamber endorsed the bond issue 100 per cent.

A letter was to be written to the department of the sheriff's office in Hayward to control the speeding in the streets of Decoto, a problem that is getting more serious every day.

It was also reported that the Decoto Drug Store on Tenth St. will collect P. G. & E. bills instead of the Decoto Variety Store.

Ten dollars was donated to the American Cancer Society.

A delegation from the Chamber, officers and board of directors, will meet at 1 p.m. Sunday, April 22, to wish Dr. Morgan Lee success when he opens his new office on that day.

The bridesmaids were Margaret Ezra, cousin of the bride, who was in a pink gown; Annie Bolivia, attired in a peach gown, and Marlene Bolivia in a green gown. All wore similar style gowns with matching picture hats and all carried bouquets of yellow and pink carnations on blue doilies. They completed their outfits with wrist length white gloves.

The bride wore a lovely satin gown with train and a snug lace bodice. She had a fingertip veil trimmed in lace. The bride and her attendants all wore pearl necklaces. The groom and best man wore white dinner jackets with red carnation boutonnieres.

FAMOUS VIOLINIST IN SAN JOSE TONIGHT

Tonight (Friday) Tossy Spivakovsky, one of the four greatest living violinists, plays in the auditorium, San Jose. Said to have "the most colossal technique of any violin soloist now before the public," "the greatest violin playing of this generation," Spivakovski will play on his priceless Stradivarius, dated 1721, a very beautiful program that will thrill the layman as much as the trained musician.

The program includes a Duo in A major for violin and piano, Schubert; Chaconne, for violin alone, Bach; Sonate, Debussy; Roumanian Dances, Bartok; Caprice, Paganini; Introduction and Tarantelle, Sarasate.

Spivakovsky does a special kind of bowing, with his arm held very high, to which some attribute his extraordinary technique and playing.

ANNOUNCES H. S. STUDENTS AWARDS

The Bank of America has made public, through Mr. J. V. Goold, district superintendent of Washington Union High School, the names of this year's Senior class recipients of certificates for outstanding work in specific fields of the high school curriculum, and of silver cups for achievement in science and vocational arts.

The awards are made upon the recommendation of the department heads of the high school whose choices are made on the basis of a 50 per cent consideration of scholastic achievement, 25 per cent for citizenship, service and leadership; and 25 per cent, personality, character, plans and ambition.

LeRoy Broun of Centerville will receive the engraved cup for achievement in the field of science and Vincent Wallace of Centerville the cup for vocational arts.

Seniors receiving specific field certificates are LeRoy Broun for mathematics; James Leonard of Centerville for laboratory science; Joseph A. DAY OF RETREAT

On Saturday, April 14th, the Sisters of the Holy Family are holding a "Day of Recollection" at the Convent grounds for all girls of high school age. Holy Mass will be at 9 a.m. and benediction at 4:00 p.m. One dollar each includes breakfast and luncheon. Make your reservations with the Sisters of the Holy Family.

BUSINESS TRIP

Mr. Fred Weibel of the Weibel Champagne Vineyards here flew to Chicago one day last week on business for the firm, and on Friday Hulda Weibel, his wife, left by plane to join him. On the way home they are coming to Detroit to pick up a new car for Mr. Rudolph Weibel and will hit a number of the states all across, finally landing in Los Angeles where they will continue some business deals, and on home. The three Weibel children stayed at home with the grandparents.

AIR STRUCK

Those two flying sweeties, Miss Ann Untiedt, college freshman, and her little sister, Miss Sonya Untiedt, returned very recently from another air ride to Pomona and back where they visited their sister, Mrs. Arthur Kimber.

SON FOR McCLURES

Honestly it was a big surprise to yours truly when this bit of news was given to me. Mr. and Mrs. Stuart McClure of San Francisco who are really Missionites at heart for their summer home is here on Mission Peak, are the proud parents of another son, born April 2 at the Stanford Hospital, weighing in at 6 pounds and 14 ounces. He has been named Duncan Adams McClure. Mrs. Margaret Moore McClure, his paternal grandmother, is really very proud of this new addition to the McClure clan.

AT BOOT CAMP

Mrs. Grace Meyers Vieth has received word that her son, Donald Meyers, is now taking his boot training at the Navy base in San Diego. His brother, Richard Meyers, has taken over his brother's position at Miss Hyde's "Mission Shop" here as salesman and is doing a nice job.

CAPPY'S HAPPY

Mr. and Mrs. Tom Cunha and daughter, Shirley, motored to Fort Ord on Sunday to spend the day with their new soldier son, Elmo "Cappy." He likes army life fine and, of course, his mom thinks he is super in his uniform and I bet when we in town see him on his first furlough we will think the same.

RELATIVES FROM MASS.

Frank and Mayme Martin, cousins of Mrs. Mamie Medeiros, are spending a very nice vacation here at their home. They are from the state of Massachusetts and hope to visit many relatives and friends while "way out West."

FUN IN STORE

Practice has begun for that Mothers' Club play which the public has been wondering about for the Mission. Well, keep your eyes open for more about same for I'm sure it will be another eye-opener and laugh provoker.

PLACEMENT SERVICE FINDS JOBS FOR WUHS STUDENTS

BILLS TO ALLOW CHILDREN TO AID IN HARVEST PENDING

Forecasting farm labor shortages in California during the present emergency period, the California State Chamber of Commerce has announced support of two measures pending in the state legislature which provide for school children's participation in agriculture if their services are needed.

One measure—Senate Bill 872, by Senator Verne W. Hoffman, Acampo—empowers each school district to close schools to utilize school children in emergency crop harvest, and make up the school days lost by holding school sessions on Saturdays and specified holidays—also for use of school buses to transport such student workers.

"This plan will provide what may be critically needed agriculture labor in harvest season, and provide for making up the lost school days to complete the students' school year and continue the state funds to the districts affected," Frank M. Shay, San Jose, statewide chairman of the state chamber's agricultural committee, reported. "The measure also provides for dispensing with the holding of any teachers' institutes for the same harvest aid purpose."

Also receiving state chamber support is Senate Bill 1212, by Senator George Hatfield, Newman, which provides among other things that any minor may be employed at agricultural, horticultural or domestic labor when the work performed is for or under the control of his parents or guardian, and when such work is performed upon premises owned, operated and controlled by his parents or guardian.
